Replacement cartridges from Xerox

OEM Quality. No compromise.

We invented laser printing and we invented the cartridge. We know color xerographic technology. Put Xerox knowledge and experience into your HP, Brother or Lexmark printer. You can get OEM quality, yield and reliability for less money. It's what your documents deserve.

Save money sustainably. No hassle.

Our replacement cartridges re-use plastic hulks that still have productive life left—that is better for the environment and for your wallet. Although over 90% of cartridge parts are re-used, crucial xerographic components are replaced to ensure top quality. We know how to give you the most value for your money, while reclaiming a cartridge that still has usable life. It's only right.

Total Satisfaction Guarantee. No risk. No worries.

At Xerox, we are as satisfied as you are. If you have any doubts at all about your Xerox® replacement cartridge, our Total Satisfaction Guarantee is your answer. We will replace any cartridge that you are dissatisfied with and in the event that a cartridge should damage your printer, Xerox will pay to have the machine brought back to OEM standard performance. It's a smart choice.
